Misses Ida and Maggie Patton gave an evening in honor of Miss Jennie Cameron, of Elizabethton, last week, at their residence on Buffalo Avenue. Quite a number of the elite of our city were there and the gayety of the evening was continued until a late hour.

Our Sullivan county friend, W. L. Crumley, came over from Blountville last Thursday to visit his father Mr. Chisley Crumley. While here he remembered us in a way that will insure him THE COMET for the next twelve months.

Esq. J. W. Crumley, our own Wash, introduced and had passed in the County Court last Monday, a resolution authorizing the working of convicts, who cannot pay their fines, on the public roads, or authorizing them to be hired out to private individuals to work out their fines and costs.

Mr. Ike T. Jobe has received his new scenery for Jobe's Opera House. There are twenty-six beautiful scenes and a splendid drop curtain. The curtain and scenes will be placed in position in a few days and then if you want to see a really elegant town hall, take a look at Jobe's Opera House.

Bristol's railroad boom does not seem to wax or wane. There really seems to be some prospect for the early completion of a road to Wise county coal fields. Dr. Bailey, the Boston capitalist is still in Bristol and says if satisfactory arrangements can be made with Bristol and Goodson the work will be commenced at once.

Jno. Folsom and Sergeant Dick Turner shot fourteen large black bass in Watauga river a few days ago, that averaged 18 to 20 inches in length. John has recently had his beautiful boat THE COMET, overhauled and repaired, and it is now the nicest "craft on the line." We are going up one of these days and take a big fish with him.

James P. Taylor, Esq. went down to Knoxville Tuesday morning to pay in eleven thousand and odd dollars for the redemption of Happy Valley farm in Carter county. Dr. E. E. Hunter gets one hundred acres of the farm for \$3,500. Hon. R. L. Taylor gets a part and will build a nice residence there, on near the Watauga river, next summer. Happy Valley is one of the finest farms in all East Tennessee.

Ayer's Pills possess the positive virtues of some of the best known medicinal plants, prepared and combined with scientific skill—rejecting the crude and drastic portions, and retaining only the active principle—the part which cures and does not harm. If you are sick try them.

Mr. Harry Bradley, who used to be well known here, has returned to Johnson City. He will open a boot and shoe store in the room just under THE COMET office, in a few days. Mr. Bradley is now in northern cities selecting his stock, and when he returns you will see the finest lot of boots and shoes ever brought to Johnson City. The enterprise is one long deeded and we hope it will prove successful.

Mr. Wm. Fagan, one of the best citizens of Unicoi county, was in town the 4th. He presented THE COMET with a fine last year's apple, known as the Shockley. The apple was perfectly sound. Mr. Fagan has a number of young trees of this variety. Last year he gathered a nail keg full of these apples and put them away in his cellar and not one of them rotted. The Shockley is the finest variety for keeping. Mr. Fagan will furnish grafts to those who desire them.

Bob Parker, sometimes called Jim Parker, known generally in Washington county as an unfortunate imbecile, was in Johnson City Tuesday evening. He left town after night and went up the Narrow Gauge railroad as far as Bowman's trestle. In trying to cross the trestle he fell through the frame work to the ground about thirty feet, and was almost killed. He was found the next morning and kindly cared for by Messrs. A. B. Bowman and E. S. Patty, who had him brought back to town.

We were glad to meet Messrs. John Summers, of Morristown, and Joe Summers, of Mooreburg, the other day. They are on a short visit to the home of their grandfather, Mr. John Lyle, and will return the first of next week. John is reading law under Judge Rose, and Joe is the sheet-anchor of Dr. J. A. Summers' large mercantile establishment at Mooreburg.

Several nights ago burglars entered Selden Nelson's bed room by raising a ladder to the upper back window of his house and climbing in. Mr. Nelson must have slept soundly for the thieves relieved his pants pocket of twelve dollars and made their exits without his waking. About the same time someone tried to enter the houses of Mr. W. P. Smith, the hardware man, Mr. G. H. Mathews, the livery stable keeper, and P. Zimmerman. We hope the lucky man will yet be ready to receive these midnight marauders with a load of buck-shot.

Johnson City is justly proud of its band. The young men who compose it are among the best young men of the town. The citizens of Johnson City ought to encourage them by furnishing or at least helping to furnish them with instruments. The band has been practicing on the street several evenings lately and has made really excellent music. We give the names of the young men who compose it. Prof. N. C. T. Love, Eb cornet; Berney Burleson, Solo Bb cornet; Alex. Gallier, 1st Bb cornet; M. F. Hickey, 2nd Bb cornet; Prof. J. B. McMillan, Solo Eb alto; Dave Patton, 1st Eb alto; Floyd Heironimus, 2nd Eb alto; Harry Lyle, 1st Bb tenor; I. McNeas, 2nd Bb tenor; H. P. King, baritone; R. C. Lusk, Eb tuba; Alf Hickey, bass drum; Jake Prye, snare drum.

Circuit Court will be held at Elizabethton next week, commencing Monday. There are nine prisoners in jail and the criminal docket will probably consume most of the week. Besides these there are a number of cases in which the defendants are out on bond. Poston Souy, charged with murder will probably be tried. Souy was tried at the July term a year ago and sentenced to eight years in the penitentiary, but was granted a new trial by the Supreme Court. The case against Butler Frazier for killing a young man on Stony Creek, may be ready for trial. The Mormon missionaries will no doubt have a hearing. There are a number of indictments for larceny and smaller offences, and the week is likely to be an interesting one to the lawyers.

Death.—We are sorry to learn of the death of Mrs. Mattie King, wife of Dr. J. M. King, which occurred at Bristol last Saturday. She was a daughter of the late Mat. T. Haynes, and a niece of London C. Haynes. She was married to Dr. King Sept. 20, 1882, and was the mother of one child, which survives her. Mrs. King was 29 years old was a good, christian woman.

Installation of Officers.—Watauga Lodge No. 219, I. O. O. F. had a public installation of officers in Jobe's Opera House last Monday night, and despite the inclement weather had a large crowd in attendance. W. A. Dickinson as District Deputy Grand Master, appointed W. C. Maupin, Grand Marshal; M. F. Hickey, Grand Secretary; J. W. Crumley, Grand Treasurer; E. S. Wolfe, Grand Warden, who installed the following officers: J. E. Wade, N. G.; O. E. Lyle, V. G.; H. B. Crumley, Sec.; E. L. McNeas, Treas.; J. W. Crumley, R. S. to N. G.; W. J. Bush, L. S. to N. G.; J. W. Eakin, Warden; C. H. Lyle, Cond.; H. P. King, R. S. S.; C. G. Mitchell, L. S. S.; A. C. McNeas, I. S. S.; J. M. Sirey, O. S. S.; M. F. Hickey, R. S. to V. G.; G. S. Gallier, L. S. to V. G.

Fat vs. Anti-Fat.—We understand the coming Washington county Fair is making arrangements for a match game of Base Ball between the fats and anti-fats of said county. The nines will probably be as follows:

FATS.	ANTI-FATS.
W. H. Taylor,	Jno. Anderson,
H. B. Crumley,	Jeff Jobe,
Nat Hyder,	El Wolfe,
Jim Reeves,	Dock Lusk,
Rod Webb,	Lil Berry,
Jim Erwin,	Rabbitfoot Watson,
Fuller Grisham,	Geo. Seavers,
Newt Babb,	Dave Gifford,
Reese Thomas,	Wash Crumley.

The smallest man in each niae will be captain. This will give the honors to W. H. Taylor, who only weighs 250 pounds, and to Jno. Anderson, who tips the beam at a little over 90 pounds. John Wood, of Bristol, will be umpire.

A Model Love Letter.—The following letter was recieved by a young man in our city and after due consideration decided to have it published for benefit of girls generally.

February P O July 5

My Dear Darling and My love I one time more seat myself to drop you a few lines to let you no that I reserved a few words from you and love I was so glad to hear from you. A portrait of ex-Secretary Robert T. Lincoln, by Hunnington, has been added to the gallery of Secretaries of the War Department.

The 4th in Johnson City.

The glorious 4th was a tolerably quiet day in Johnson city. The business houses were nearly all closed and the clerks were released for the day. A good many of our people joined the excursion party to Cranberry. The colored folks had a big dinner in Love's grove, which was largely attended. Everything passed quietly until along in the afternoon, when several of the colored brothers got too full of "bug juice." Rufe Taylor became obstreperous and our ubiquitous policeman, Oliver Burleson, escorted him from the grove in the direction of the calaboose. When near the railroad crossing, John Hyder, of color, interfered and was promptly arrested. He resisted and said he would not be arrested. Officer Burleson, after struggling with him for some time, raised his billy and was about to strike, when about twenty darkies headed by Mose Dalton and Sandy Bergan rushed in and grabbed him. The officer, seeing that something serious was necessary, drew his Smith & Wesson and was about to fire at the foremost darkey, when Will Harr, Jno. W. Eakin, Jno. Harr, Charley Lide, Chas. Mitchell and others appeared on the scene, and he then knew it would not be necessary to use his pistol. The two men arrested were then taken before the Recorder and fined. While Recorder Lusk was hearing the testimony of Mr. Ike T. Jobe, who happened to know something of the disturbance, Jno. Hyder again became noisy and said what Jobe had testified to was not so. Ike immediately raised with his chair and was about to smash it over the offending darkey's head when some one caught the blow and prevented it. If the colored people want to be protected they will have to do better than some of them did last Saturday. But for the coolness and courage of officer Burleson some one or more of them would have been shot. He deserves great credit for arresting the parties without resorting to unnecessary violence.

Only a Fraction of Life.

How many persons live only a fraction of average human life because they neglect to take the commonest precautions against sickness. It is disease in its maturity that kills, and maturity implies growth. A slight indisposition is usually alighted. They who avail themselves of Hostetter's Stomach Bitters know it to be efficacious in chronic cases of disease, but the process of cure is a far easier one if it is used in early stages of dyspepsia, malarial disease, rheumatism, constipation and liver derangement. Let those who would avoid the peril which even the most potent remedies cannot avert, steer clear of the rock upon which so many constitutions split—an under-appreciation of the danger of neglect. It will not do to omit care and a recourse to the medicine when health is affected. If debilitated, or nervous, or dyspeptic take it for granted you are in want of a remedy, use the Bitters.

AT HOME AGAIN IN THE WOOLEN BUSINESS.

Some fifteen years ago the undersigned, in company with some Northern men, established what was known as the Doe River Woolen Manufacturing Company. After a few years some dissatisfaction arose and the stock began to change hands. I then established the Watauga Woolen Mills. The competition between the two mills made quite a business for the two factories and was the means of several other factories being started in East Tenn. Finally, the whole thing fell into the hands of men that had no experience in the business, whatever, and before they fully established themselves the business man of the concern lost his health, so that he could not attend to the business and wished to retire, and I have now become the sole owner of the two factories, with all the machinery and water-power of the said factories. I now propose to re-establish the business in the name and style of WATAUGA WOOLEN MILLS. I also propose to make woolen goods out of genuine wool, and use nothing but good stock, and guarantee the same.

Picking, Carding and Spinning Wool into Yarn, per pound 12 1/2 cts; Jeans per yard 40 cts; Satisfet, per yard, 60 cts; Linsey, per yard 25 cts; Cashmere, per yard, 75 cts; Flannels, per yard 40 cts; Blankets, per pound 60 cts; White Yarn, per pound 80 cts; Mixed or colored Yarn, per pound 50 cts; White Yarn, doubled and twisted, per pound 80 cts; Mixed or colored Yarn, doubled and twisted, per pound 60 cts; Fancy col'd Yarn, doubled and twisted, per pound 70 cts.

Will Pay the Highest Market Price for Wool.
—COLORING DONE ON REASONABLE TERMS.—

I wish to establish my business on a cash basis, and will pay Cash for Wool, at its real cash value, and will be able to sell goods for cash as cheap or cheaper than can be bought of the same quality elsewhere.

Wool shipped to me at CARTER DEPOT will be received and work returned to that point free of charge.
